10. Responsibility and Indemnification

10.1 The Supplier is solely responsible for the quality of the Services. The Company's approval of the Services in whole or in part, does not exempt the Supplier from its full professional responsibility and confirmation does not impose any liability on the Company relating to the quality of the Services.

10.2 Without derogating from any other instruction in the Agreement and/or in any law, the Supplier shall be solely responsible for any loss, injury, damage or financial loss of any kind caused to the Company (including to any of its employees and/or the Ministry of Transport and/or the State of Israel) or to any third party, during and/or in relation to providing the Services and/or as a result of any act and/or omission of the Supplier and/or anyone on its behalf.

10.3 Without derogating from any other provision in this Agreement and/or in any law, the Supplier undertakes to indemnify the Company immediately upon its first demand, subject to a final verdict which execution has not been withheld by court's decision, for any claim and/or allegation filed against the Company due to any loss, injury, damage or financial loss as aforementioned in Section 10.2, and for any expenses incurred by the Company or which it may bear, in relation to the aforementioned (including court expenses and legal fees), all without derogating from the Company's rights pursuant to the Agreement and/or

to any law for any other relief or remedy. The Company shall inform the Supplier as soon as possible of receipt of a claim and enable it to participate in its defense against it.

- 10.4 The provisions in this section shall not exempt the Supplier from the obligations imposed on it, in the performance of its work pursuant to any law. Their content shall not be interpreted as the Company's waiver of any right or remedy to which it is legally entitled.
- 10.5 The provisions of this Section 10 shall also apply to any part of the MUTC that is not owned by the Supplier, and will replace the provisions of any agreement or warranty whether signed by the parties or imposed on the user via the actual use of product or by opening its package or in any other way, unless the terms of the other agreement or warranty are more favorable to the Company.

11. **Insurance**

Without prejudice to the Supplier's liability under the Agreement and under any law, the Supplier undertakes to deliver, before the commencement of the Services and for the entire Period of Engagement, valid insurance policies at its expense, in its name and the Company's name, all as set forth in **Appendix B** to this Agreement. 12. **Guarantee**

- 12.1 To ensure the full performance of all obligations of the Supplier under this Agreement, as a prerequisite for the Company signing this Agreement, the Supplier undertakes to deposit an autonomous, unconditional, irrevocable bank guarantee, at the Company's order (hereinafter: "**the Guarantee**"), within 14 days of receiving the winning notification notice from the Company.

- 12.2 The Guarantee shall be issued in an amount equal to 2,000,000 (two million) NIS linked to the index specified in **Appendix C** and according to its wording, by a reputable bank acceptable to the Company.
- 12.3 At the end of the Warranty Period, the Supplier may reduce the Guarantee amount to 1,000,000 (one million) NIS linked to the index specified in Appendix C.
- 12.4 The Guarantee shall be extended from time to time and remain valid until 90 days following the termination of the Agreement, including the Extension Periods, if any. The Guarantee will be returned to the Supplier following the termination of the Agreement and subject to the full fulfillment of the Supplier's obligations pursuant to this Agreement.
- 12.5 It is emphasized that all the Guarantee expenses shall be borne exclusively by the Supplier. Without derogating from the other provisions of the Agreement, the Company may exercise the Guarantee and use its funds, to cover anything owed to it by the Supplier pursuant to this Agreement and/or the law, during the Period of Engagement.
- 12.6 The Guarantee may be exercised by presenting it to the bank without the Company having to present any document and/or additional proof whatsoever and without the Company having to rationalize its decision or to prove its damages to the bank. The Company will notify the Supplier, in writing, 5 days in advance, regarding its intention to exercise the Guarantee.
- 12.7 The amount of the Guarantee does not serve as a limitation or ceiling to the Supplier's commitments. Without derogating from the Supplier's obligation to maintain a Guarantee at any time pursuant to the provisions in this Agreement, if during the Period of Engagement the Guarantee period is approaching termination, the Company will notify the bank that issued the Guarantee (with a copy to the Supplier), that if the Guarantee period is not extended, it will be exercised. No payment will be made to the Supplier, until it provides a Guarantee pursuant to the Company's demand in accordance with the provisions in this section 12.

- 12.8 It is clarified and agreed that if, for any reason, the Company exercised the Guarantee, or part thereof, without termination of this Agreement, the Supplier shall supplement the Guarantee amount, within 7 days, and place a new full Guarantee. Should the Supplier fail to place a full and new guarantee on the aforementioned date, this shall constitute a breach of the Agreement and the Company shall be entitled to terminate it immediately. The supplement amounts shall not exceed 100% (thus the original Guarantee amount of 2 million NIS, and the supplement amounts, shall total no more than twice the original Guarantee amount).
- 12.9 For the avoidance of doubt, it should be emphasized that the amount of the Guarantee is for the purpose of facilitating collection only, and under no circumstances does it constitute Liquidated Damages compensation of any kind.

13. Changes

- 13.1 The Supplier shall not be entitled to make any changes to the Services, unless it has obtained the Company's express written approval. Should the Supplier make changes that were not required as part of the Services, the Company may be exempt, at its sole discretion, from paying the Supplier for such changes.
- 13.2 The Company may order any change in the Services or their schedule, or any part thereof, including cancellation or reduction of any of the Services, at its sole discretion, and the Supplier will make the change as aforementioned (hereinafter: "**Change Order**").
- 13.3 For the avoidance of doubt, it is hereby clarified that any action or task or system capability detailed in the Tender Documents or in the Supplier's Proposal, as well as any task that the Supplier will be required to perform within the framework of the items detailed below, will not be considered a "Change" for the purposes of this Agreement and this Section 13, but rather included from the outset as part of the Services already priced by the Supplier as part of its Price Proposal, including each of the following:
- 13.3.1 Instructions and guidelines that will be given to the Supplier by the Company as part of the design stage and the approval of the Design

- Review documents by the Company, including amendments and changes to such documents or their deliverables, towards fulfilling the Supplier's obligations in accordance with the Agreement.
- 13.3.2 Changes of any kind and type resulting from requirements or guidelines of any authority acting in accordance with law.
- 13.3.3 Changes arising, directly or indirectly, from matters expressly regulated in this Agreement and without derogating from the foregoing - the Company's rights expressly specified in the SOW to require changes or additions in relation to specific service components, unless expressly stated next to them that they will be considered a Change Order.
- 13.3.4 Changes arising from an act or omission or breach of the Supplier.
- 13.3.5 Any act that the Supplier must perform in order to comply with its obligations under this Agreement, including any act that by its nature is included in the actions mentioned in the Tender Documents even if that act is not expressly written in the Tender Documents.
- 13.3.6 Replacement, renewal or update of the MUTC to the extent required in the SOW, including requirements resulting from changes to third-party licenses and products.
- 13.4 The Supplier shall be responsible for notifying the Company, within 30 days of the date on which it received a written instruction or order or approval from the Company or anyone on its behalf, including as part of quality control or professional examinations of the system and approval of Design Reviews or execution phases, which it believes constitutes a change to the project for which a Change Order must be given. If the Supplier fails to notify the Company within the said time, the instruction / order / approval, will not be considered a Change Order and no additional consideration will be paid in respect thereof.
- 13.5 If, during the development and implementation of Block 1, the Company elects, at its sole discretion, not to proceed with the implementation of a subsequent

version thereof (for example, Version 1.3), then all payment milestones associated exclusively with such non-implemented version (in the present example: Milestones #10, #11 and #12) shall not become due and shall not be payable.

In such event, the remaining Handover and Warranty milestones (Milestones #13 and #14) shall remain payable upon their successful completion and approval by the Company; however, such payments shall be calculated on a pro-rata basis, taking into account only the actual scope of implementation executed in practice and the updated total contract value reflecting the non-implementation of the relevant version.

For the avoidance of doubt, the Supplier shall not be entitled to any compensation, loss of profit, demobilization costs, or other payment in respect of the Company's decision not to implement a subsequent version, except for payment of milestones duly completed and approved in accordance with this Agreement.

13.6 The Company shall pay the Supplier for its **direct** additional costs as a result of Change Orders, or reduction of costs (such as in the event of reduction of Services), which shall be priced as follows:

13.6.1 If a tariff has been quoted for a certain (or similar) change, or for a component thereof, as part of the Supplier's Price Proposal (including proposals for development hours), such tariffs shall apply for Change Orders requested by the Company, unless the Company requests to price the change or its component, according to other provisions of this Section 13.

13.6.2 Direct additional costs as a result of the Change Order shall be priced at market value, as determined by the Company, including on the basis of existing pricelists (the Company's pricelist, if no relevant pricing then Netevei Israel Company pricelist minus 10%, and if no relevant pricing in either then finally Dekel pricelist minus 10%). The Supplier must prove such market value, including by way of a price analysis to

be conducted by the Supplier based on at least 3 quotes, if possible, which will be examined by the Company and subject to its approval. The Company may also procure price quotes independently. If such price proposals are those of external suppliers/subcontractors, then the Company shall add 6% for overhead and profit of the Supplier.

13.6.3 Following calculation of the payment due according to the above, including foreseeable professional personnel working hours, the Company may, with the Supplier's consent, set the payment for the Change Order at a fixed predetermined cost.

13.6.4 (a) It is clarified that only Change Orders that have a direct effect on the Supplier's maintenance costs, shall incur an increase to the Yearly Maintenance Fee, at a rate that shall reflect such direct effect, to be determined by the Company in the Change Order, after consultation with the Supplier. However in no event shall the yearly maintenance cost for the Change Order exceed the establishment cost of the change multiplied by the Supplier's proposed maintenance percentage for the Yearly Maintenance Fee (the "**Cap**"), except for third party licenses which will be paid in full even if exceed such Cap: e.g. if the establishment fee for the change is 100,000 NIS, and the Supplier's proposed maintenance percentage is 12%, then the yearly maintenance cost to be paid as a result of the change shall not exceed a Cap of 12,000 NIS (12% of 100,000) plus cost for third party licenses; and from the end of the Warranty Period such cost shall be linked according to the Supplier's linkage election for the Yearly Maintenance Fee in its Price Proposal.

(b) For Change Orders completed during the Maintenance Period - the maintenance cost for the change shall be paid only from the beginning of the next fiscal quarter following the successful completion of the change.

Any implementation of these Sections, if and to the extent ordered by the Company (without any obligation of the Company in this regard), shall be subject to the issuance of a specific Change Order in accordance with the provisions of the Agreement, following the Company's assessment of operational need, the technological maturity and readiness of the relevant solution as may be demonstrated by the Supplier at the time of such request, budget availability, and the receipt of the required internal managerial and corporate approvals. The inclusion of these Sections in the SOW, or any discussions held between the Parties in relation thereto, shall not create any expectation, representation, reliance, or obligation on the part of the Company to order or implement them.

- 13.8 Any Change Order as set forth in this section above, shall not obligate the Company, unless given in writing, signed by the Company's authorized signatories. The Company may request the Supplier to price the costs of the Change Order (without charge) in order to allow the Company to consider whether to execute such Change Order.

(SLA) and delay in the performance of the Services, according to the amounts detailed in Appendix E to this Agreement (hereinafter: “the **Liquidated Damages**”).

- 14.2 For the avoidance of doubt, the Company’s right to claim Liquidated Damages shall be cumulative and non-exclusive. In the event of multiple breaches, each applicable Liquidated Damage shall be calculated and applied independently and concurrently, and the payment of one shall not offset or exempt the Supplier from the payment of any other.
